PETICON

INSTALLATION INSTRUCTION

YOU WILL RECEIVE:

Dog Car Seat
1 pcs

Side Flap Strap
2 pcs

Safety Belt
1 pcs

Support Pipe
2 pcs

Installation Steps

1. Place two pipes on each side.

2. Tuck the anchors into the crevices of the rear seat.

3. Zip the side flaps closed.

4. Thread the four-sided Velcro strap through the ladder lock and secure it.

**5.** Fasten the buckle straps to the front and rear headrests.

6. Connect the side flaps to the car's side handles with the side straps.
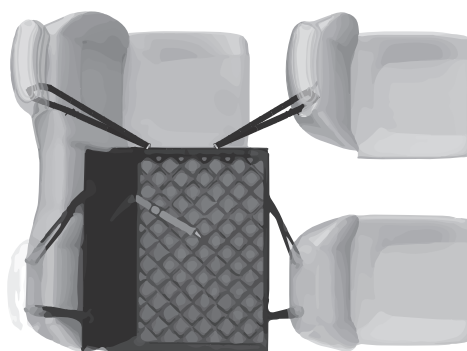

7. Install the dog safety belt.

Recommended installation location

Use the side straps to attach the side flaps to the front and rear headrests.

OPTION A: Install it on the left side

OPTION B: Install it on the right side
